

Join Us in San Antonio

April 7–9, 2011

www.swpsych.org

Renowned Invited Speakers

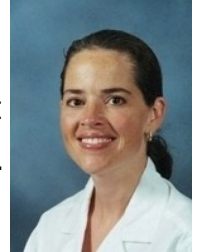

Dr. Gary Wells will describe his work to improve criminal justice decision-making.

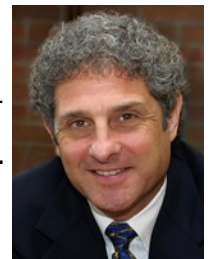

Dr. David Matsumoto will address the importance of understanding culture for psychologists' work.

Dr. Janie Wilson will describe the importance of building rapport with students.

Dr. Andrew Meltzoff will describe his work on imitation in children and what it reveals about the mind.

Dr. Jeffrey Brookings will describe the countercultural and academic lives of Timothy Leary.

Research Symposia from AR, KS, OK, & TX

Every two years, each representative organizes a symposium highlighting a significant research program from their state.

Student Paper Competitions

Undergraduate and Graduate students compete for \$1,200 in total prizes (1st - 3rd).

Talks & Posters

In 2010, SWPA had over 80 talks, and over 260 posters.

CE Workshops

There were 7 workshops in 2010, and we are aggressively building the workshop program.
